About our business:

McGregor Diesel is a family owned business operating in Goondiwindi since 2008, and more recently in Bourke. Shane & Mandy McGregor have been involved in earthmoving, construction, irrigation & the mining industry for a combined 50 years of experience.

McGregor Diesel has a team of capable and quality employees and we consistently invest in our people, believing they are one of our most important assets. We have the advantage of having staff that are experienced and qualified in all aspects of the earthmoving and agricultural industry.

Teletrac Navman is a world leader in GPS based technology and information. We provide the tools needed to improve customer service, reduce fuel and fleet management cost, increase productivity. McGregor Diesel are authorised dealers and gold level installers. We supply the following services with our Teletrac Navman System:

- Onsite training and support
- Complete integration into fleets
- Fuel usage application using McGregor Diesel Fuel Level
- Installation and implementation of the work vs idle in assets to report on machine productivity giving hours in real time

Position location:

This is a full time position that will be based in Goondiwindi Q 4390, with some travel expected across SW Queensland and NW New South Wales. Goondiwindi is a great place to live and a fantastic community to be part of.
